Launch the Stack Designer by going to Menu Item 'Card Plus Engine/Stack Designer/New Designer Scene'.

The 2 scenes shown above in Fig. 3B. should load automatically. The Stacks you design will show in the 'New Untitled Stack Designer Scene'. When your work is done, you will click 'Save' at the bottom of the Stack Designer window (Fig. 3C.). A prefab will be saved under 'Assets/KiteLionGames/CardPlusEngine/StackableDesigner/Saves' that you'll add to your Settings Pack (Fig. 3D)
